FORWARD-LOOKING STATEMENTS

This document contains "forward-looking statements". All statements other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including, but not limited to, any projections of earnings, revenue or other financial items; any statements of the plans, strategies and objectives of management for future operations; any statements concerning proposed new services or developments; any statements regarding future economic conditions or performance; any statements or belief; and any statements of assumptions underlying any of the foregoing.

Forward-looking statements may include the words "may," "could," "estimate," "intend," "continue," "believe," "expect" or "anticipate" or other similar words. These forward-looking statements present our estimates and assumptions only as of the date of this report. Accordingly, readers are cautioned not to place undue reliance on forward-looking statements, which speak only as of the dates on which they are made. Except for our ongoing securities laws, we do not intend, and undertake no obligation, to update any forward-looking statement. Additionally, the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 most likely do not apply to our forward-looking statements as a result of being a penny stock issuer. You should, however, consult further disclosures we make in future filings of our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

Although we believe the expectations reflected in any of our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Our future financial condition and results of operations, as well as any forward-looking statements, are subject to change and inherent risks and uncertainties.

Note 1 – Nature of Business and Significant Accounting Policies

Nature of business

Sport Endurance, Inc. (“the Company”) was incorporated as Cayenne Construction, Inc. in the state of Nevada on January 3, 2001 (“Inception”). The Company was formed to be an independent service provider of ready-mix concrete, whereby management was to arrange purchases of ready-mixed concrete by small contractors and customers on a fee basis. The Company ceased operations in 2002 and was revived in 2009 with a name change to, “Sport Endurance, Inc.” on August 6, 2009. The Company intends to manufacture and distribute a line of sports energy drinks.

On October 31, 2012 the shareholders of the Company voted to increase the authorized common shares of the Company’s common stock from 480,000,000 authorized shares of common stock to 580,000,000 authorized shares of common stock. As a result of this vote, the Company filed an amendment to its Articles of Incorporation to reflect this change.

On November 23, 2012, we effected a 1,000 for 1 reverse stock split, decreasing the issued and outstanding shares common shares from 60,200,000 to 60,200 shares and decreasing the issued and outstanding preferred shares from 1,000,000 to 1,000.

Basis of presentation

The unaudited condensed financial statements have been prepared in accordance with United States generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and reflect all adjustments which, in the opinion of management, are necessary for a fair presentation. All such adjustments are of a normal recurring nature. The results of operations for the interim period are not necessarily indicative of the results to be expected for the fiscal year ending August 31, 2015. It is suggested that these interim condensed financial statements be read in conjunction with the Form 10-K.

The Company has adopted a fiscal year end of August 31st.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and equivalents include investments with initial maturities of three months or less. The Company maintains its cash balances at credit-worthy financial institutions that are insured by the Federal Deposit Insurance Corporation (“FDIC”) up to \$250,000. Deposits with these banks may exceed the amount of insurance provided on such deposits; however, these deposits typically may be redeemed upon demand and, therefore, bear minimal risk. The Company had cash and cash equivalents of \$0 and \$0 at May 31, 2015 and August 31, 2014.

Income Taxes

The Company accounts for income taxes using the asset and liability method, which requires the establishment of deferred tax assets and liabilities for the temporary differences between the financial reporting basis and the tax basis of the Company’s assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance is provided to the extent deferred tax assets may not be recoverable after consideration of the future reversal of deferred tax liabilities, tax planning strategies, and projected future taxable income.

Fair Value of Financial Instruments

Under FASB ASC 820-10-05, the Financial Accounting Standards Board establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. This Statement reaffirms that fair value is the relevant measurement attribute. The adoption of this standard did not have a material effect on the Company’s financial statements as reflected herein. The carrying amounts of cash and accrued expenses reported on the balance sheet are estimated by management to approximate fair value primarily due to the short term nature of the instruments. The Company had no items that required fair value measurement on a recurring basis.

Sport Endurance, Inc.
Notes to Condensed Financial Statements
(Unaudited)

Basic and Diluted Loss Per Share

The basic net loss per common share is computed by dividing the net loss by the weighted average number of common shares outstanding. Diluted net loss per common share is computed by dividing the net loss adjusted on an "as if converted" basis, by the weighted average number of common shares outstanding plus potential dilutive securities. For the periods presented, there were no outstanding potential common stock equivalents and therefore basic and diluted earnings per share result in the same figure.

Recently Issued Accounting Pronouncements

The Company has assessed all newly issued accounting pronouncements released during the nine months ended May 31, 2015 and through the date of this filing, and has found none of them will have a material impact on the Company's financial statements when or if adopted.

Note 2 – Going Concern

As shown in the accompanying financial statements, the Company has incurred recurring net losses from operations resulting in an accumulated deficit of \$419,198, and a working capital deficit of \$54,826 as of May 31, 2015. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management is actively pursuing new ventures to increase revenues. In addition, the Company is currently seeking additional sources of capital to fund short term operations. The Company, however, is dependent upon its ability to secure equity and/or debt financing and there are no assurances that the Company will be successful, therefore, without sufficient financing it would be unlikely for the Company to continue as a going concern.

The financial statements do not include any adjustments that might result from the outcome of any uncertainty as to the Company's ability to continue as a going concern. The financial statements also do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.

Note 3 – Related Party Transactions

Notes Payable

From time to time the Company has received loans from the former CEO, Robert Timothy, to fund operations. The total outstanding balance of the unsecured, demand notes, bearing interest at 8% was \$5,445 and \$5,445 at May 31, 2013 and August 31, 2012, respectively. Accrued interest of \$1,576 and \$1,251 was outstanding as of May 31, 2013 and August 31, 2012, respectively.

From time to time the Company has received loans from the Company's CEO, Gerald Ricks, to fund operations. The total outstanding balance of the unsecured, demand notes, bearing interest at 8% was \$22,519 and \$22,519 at May 31, 2013 and August 31, 2012, respectively. Accrued interest of \$3,024 and \$1,677 was outstanding as of May 31, 2013 and August 31, 2012, respectively.

From time to time the Company has received loans from a major shareholder, BK Consulting, to fund operations. The total outstanding balance of the unsecured, demand notes, bearing interest at 8% was \$27,230 and \$15,573 at May 31, 2013 and August 31, 2012. Accrued interest of \$2,803 and \$1,625 was outstanding as of May 31, 2013 and August 31, 2012, respectively.

On June 3, 2013 the Company amended the terms of the above notes whereby the outstanding principal in the amount of \$55,194 and any accrued interest as of May 31, 2013 would be convertible into the Company's common stock at a rate of \$0.002 per share at the holder's discretion. As of June 3, 2013 the notes no longer bear interest. As a result the Company reclassified \$55,194 of notes payable and \$7,403 of accrued interest to convertible debt during the three months ended August 31, 2013.

Conversion of Notes Payable

During the year ended August 31, 2014, the Company converted \$25,543 of convertible debt due to the Company's CEO, Gerald Ricks, into 12,771,500 shares of common stock.

During the year ended August 31, 2014, the Company converted \$7,021 of convertible debt due to the Company's former CEO, Robert Timothy, into 3,510,500 shares of common stock.

Sport Endurance, Inc.
Notes to Condensed Financial Statements
(Unaudited)

During the year ended August 31, 2014, the Company converted \$30,033 of convertible debt due to the Company's major shareholder, BK Consulting, into 15,016,500 shares of common stock.

During the year ended August 31, 2014, the Company's major shareholder, BK Consulting sold convertible notes to five unrelated third parties who subsequently converted the note into common stock. The Company converted \$12,446 of convertible debt into 6,223,000 shares of common stock.

The above note conversions were converted within the conversion terms. The Company recorded no gain or loss related to the conversion of these notes.

Convertible Notes Payable

During the year ended August 31, 2013 the Company issued convertible promissory notes for aggregate proceeds in the amount of \$5,471. The loans are non-interest bearing and convertible at the holder's discretion into Common Stock at a price of \$0.002 per share.

During the year ended August 31, 2014 the Company issued convertible promissory notes for aggregate proceeds in the amount of \$22,643. The loans are non-interest bearing and convertible at the holder's discretion into Common Stock at a price of \$0.002 per share.

On November 3, 2014 the Company issued an unsecured convertible loan of \$2,670.25, non-interest bearing, due on demand and convertible into Common Stock at a rate \$0.002 per share, from BK Consulting, to fund operations.

On November 18, 2014 the Company issued an unsecured convertible loan of \$1,500, non-interest bearing, due on demand and convertible into Common Stock at a rate \$0.002 per share, from BK Consulting, to fund operations.

On December 4, 2014 the Company issued an unsecured convertible loan of \$2,000, non-interest bearing, due on demand and convertible into Common Stock at a rate \$0.002 per share, from BK Consulting, to fund operations.

On January 2, 2015 the Company issued an unsecured convertible loan of \$2,073, non-interest bearing, due on demand and convertible into Common Stock at a rate \$0.002 per share, from BK Consulting, to fund operations.

On January 14, 2015 the Company issued an unsecured convertible loan of \$1,250, non-interest bearing, due on demand and convertible into Common Stock at a rate \$0.002 per share, from BK Consulting, to fund operations.

On February 2, 2015 the Company issued an unsecured convertible loan of \$1,950, non-interest bearing, due on demand and convertible into Common Stock at a rate \$0.002 per share, from BK Consulting, to fund operations.

On March 4, 2015 the Company issued an unsecured convertible loan of \$2,275, non-interest bearing, due on demand and convertible into Common Stock at a rate \$0.002 per share, from BK Consulting, to fund operations.

On April 14, 2015 the Company issued an unsecured convertible loan of \$1,250, non-interest bearing, due on demand and convertible into Common Stock at a rate \$0.002 per share, from BK Consulting, to fund operations.

On April 30, 2015 the Company issued an unsecured convertible loan of \$1,950, non-interest bearing, due on demand and convertible into Common Stock at a rate \$0.002 per share, from BK Consulting, to fund operations.

As of May 31, 2015 and August 31, 2014 the balance of the convertible debt was \$32,586 and \$15,668. The Company recorded imputed interest at a rate of 8% on outstanding convertible notes in the amount of \$617 and \$414 during the three months ended May 31, 2015 and 2014, respectively and \$1,427 and \$879 during the nine months ended May 31, 2015 and 2014, respectively.

Discounts on Convertible Notes Payable

The Company calculates any beneficial conversion feature embedded in its convertible notes via the intrinsic value method. The conversion feature was considered a discount to the notes, to the extent the aggregate value of the conversion feature did not exceed the face value of the notes. These discounts are amortized to interest expense through earlier of the term or conversion of the notes. During the nine months ended May 31, 2015 and 2014 the Company recorded debt discounts in the amount of \$16,918 and \$17,718. During the nine months ended May 31, 2015 and 2014 the Company amortized debt discounts to interest expense in the aggregate amount of \$16,918 and \$17,718, respectively.

The Company is authorized to issue 580,000,000 shares of \$0.001 par value common stock as of May 31, 2015 and August 31, 2014. The Company has 37,581,903 and 37,581,903 shares of common stock issued and outstanding as of May 31, 2015 and August 31, 2014.

Note 6 – Subsequent Events

On July 15, 2015 the Company issued an unsecured convertible loan of \$2,635, non-interest bearing, due on demand and convertible into Common Stock at a rate \$0.002 per share, from a major shareholder, BK Consulting, to fund operations. Due to the beneficial conversion feature the Company recorded a discount on the convertible note in the amount of \$2,635.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

OVERVIEW AND OUTLOOK

Sport Endurance, Inc. ("Sport Endurance") is a Nevada corporation that intends to manufacture and distribute a line of sports energy drinks. Since inception, the Company has yet to produce and distribute any sport energy drinks.

For the nine months ended May 31, 2015, we had a net loss of \$37,414 as compared to a net loss of \$39,462 for the nine months ended May 31, 2014. Our accumulated deficit as of May 31, 2015 was \$419,198. These conditions raise substantial doubt about our ability to continue as a going concern over the next twelve months.

Results of Operations for the Nine Months Ended May 31, 2015 and 2014

Revenues

The Company had no revenues during the nine month periods ending May 31, 2015 and 2014.

General and administrative expenses

General and administrative expenses were \$5,452 for the nine months ended May 31, 2015 compared to \$5,276 for the nine months ended May 31, 2014, an increase of \$176. The increase in general and administrative expense for the nine months ended May 31, 2015 compared to the nine months ended May 31, 2014 was due primarily to an increase in stock servicing costs and bank service charges.

Professional fees

Professional fees were \$11,973 for the nine months ended May 31, 2015 compared to \$12,445 for the nine months ended May 31, 2014, a decrease of \$472. The decrease in professional fees for the nine months ended May 31, 2015 compared to the nine months ended May 31, 2014 was due primarily to the decrease in accounting and audit fees during this period as compared to the prior year.

Depreciation

Depreciation expense for the nine months ended May 31, 2015 totaled \$1,644 compared to \$3,144 for the nine months ended May 31, 2014, a decrease of \$1,500. The decrease in depreciation was primarily due to fully depreciating certain office equipment.

Interest expense

Interest expense for the nine months ended May 31, 2015 was \$18,345 compared to \$18,597 for the nine months ended May 31, 2014, a decrease of \$252. Interest expense for the nine months ended May 31, 2015 is comprised of \$16,918 from the discount on convertible debt from the beneficial conversion feature and \$1,427 of imputed interest on convertible debt as compared to \$17,718 from the discount on convertible debt from the beneficial conversion feature and \$879 in imputed interest during the nine months ended May 31, 2014.

Net loss

For the reasons above, our net loss for the nine months ended May 31, 2015 was \$37,414 compared to \$39,462 for the nine months ended May 31, 2014, a decrease in our net loss of \$2,048 or approximately (5.19%).

Results of Operations for the Three Months Ended May 31, 2015 and 2014

Revenues

The Company had no revenues during the three month periods ending May 31, 2015 and 2014.

General and administrative expenses

General and administrative expenses were \$2,069 for the three months ended May 31, 2015 compared to \$1,675 for the three months ended May 31, 2014, an increase of \$394. The increase in general and administrative expense for the three months ended May 31, 2015 compared to the three months ended May 31, 2014 was due primarily to an increase in stock servicing costs and bank service charges.

Professional fees

Professional fees were \$3,200 for the three months ended May 31, 2015 compared to \$3,200 for the three months ended May 31, 2014.

Depreciation

Depreciation expense for the three months ended May 31, 2015 totaled \$548 compared to \$1,048 for the three months ended May 31, 2014, a decrease of \$500. The decrease in depreciation was primarily due to fully depreciating certain office equipment. We anticipate our quarterly depreciation expense to continue to be \$548 for the near term.

Interest expense

Interest expense for the three months ended May 31, 2015 was \$6,092 compared to \$5,314 for the three months ended May 31, 2014, an increase of \$778. Interest expense for the three months ended May 31, 2015 is comprised of \$5,475 from the discount on convertible debt from the beneficial conversion feature and \$617 of imputed interest on convertible debt as compared to \$4,900 from the discount on convertible debt from the beneficial conversion feature and \$414 in imputed interest during the three months ended May 31, 2014.

Net loss

For the reasons above, our net loss for the three months ended May 31, 2015 was \$11,909 compared to \$11,237 for the three months ended May 31, 2014, an increase in our net loss of \$672 or approximately 6%.

Liquidity and Capital Resources

The following table summarizes total current assets, liabilities and working capital at May 31, 2015 compared to August 31, 2014.

	<u>May 31, 2015</u>	<u>August 31, 2014</u>
Current Assets	\$ 0	\$ 0
Current Liabilities	\$ 54,826	\$ 37,401
Working Capital (Deficit)	\$ (54,826)	\$ (37,401)

While we have raised capital to meet our working capital and financing needs in the past, additional financing is required in order to meet our current and projected cash flow deficits from operations and development of alternative revenue sources. As of May 31, 2015, we had a working capital deficit of \$54,826. Our poor financial condition raises substantial doubt about our ability to continue as a going concern and we have incurred losses since inception and may incur future losses. In the past, we have conducted private placements of equity shares and during the nine months ended May 31, 2015 we did not receive any proceeds from private placements. During nine months ended May 31, 2015, we received a total of \$16,918 in unsecured convertible loans due on demand, non-interest bearing, from related parties. There is no guarantee that the related parties will be willing to commit any further loans to the Company at this time.

Should we not be able to continue to secure additional financing when needed, we may be required to slow down or suspend our growth or reduce the scope of our current operations, any of which would have a material adverse effect on our business.

Our future capital requirements will depend on many factors, including the development of our line of sport energy drinks; the cost and availability of third-party financing for development; and administrative and legal expenses.

We anticipate that we will incur operating losses in the next twelve months. Our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their early stage of development. Such risks for us include, but are not limited to, an evolving and unpredictable business model; recognition of revenue sources; and the management of growth. To address these risks, we must, among other things, expand our customer base, implement and successfully execute our business and marketing strategy, respond to competitive developments, and attract, retain and motivate qualified personnel. There can be no assurance that we will be successful in addressing such risks, and the failure to do so could have a material adverse effect on our business prospects, financial condition and results of operations.

Satisfaction of our cash obligations for the next 12 months.

As of May 31, 2015, we had cash and cash equivalents of \$0. Our plan for satisfying our cash requirements for the next twelve months is through sales-generated income, sale of shares of our common stock, third party financing, and/or traditional bank financing. We anticipate sales-generated income during that same period of time, but do not anticipate generating sufficient amounts of revenues to meet our working capital requirements. Consequently, we intend to make appropriate plans to secure sources of additional capital in the future to fund growth and expansion through additional equity or debt financing or credit facilities.

Going concern.

Our financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern, which contemplate the realization of assets and liquidation of liabilities in the normal course of business. We have incurred continuous losses from operations, have an accumulated deficit of \$419,198 and a working capital deficit of \$54,826 at May 31, 2015, and have reported negative cash flows from operations since inception. In addition, we do not currently have the cash resources to meet our operating commitments for the next twelve months. The Company's ability to continue as a going concern must be considered in light of the problems, expenses, and complications frequently encountered by entrance into established markets and the competitive nature in which we operate.

Our ability to continue as a going concern is dependent on our ability to generate sufficient cash from operations to meet our cash needs and/or to raise funds to finance ongoing operations and repay debt. There can be no assurance, however, that we will be successful in our efforts to raise additional debt or equity capital and/or that our cash generated by our future operations will be adequate to meet our needs. These factors, among others, indicate that we may be unable to continue as a going concern for a reasonable period of time.

Summary of product and research and development that we will perform for the term of our plan.

We are not anticipating significant research and development expenditures in the near future.

Expected purchase or sale of plant and significant equipment.

We do not anticipate the purchase or sale of any plant or significant equipment as such items are not required by us at this time.

Significant changes in the number of employees.

As of May 31, 2015, we had no employees, other than our non-paid CEO, Gerald Ricks. Currently, there are no organized labor agreements or union agreements and we do not anticipate any in the future.

Assuming we are able to pursue revenue through the commencement of sales of our sports energy drinks, we anticipate an increase of personnel and may need to hire employees. In the interim, we intend to use the services of independent consultants and contractors to perform various professional services when appropriate. We believe the use of third-party service providers may enhance our ability to control general and administrative expenses and operate efficiently.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have, or are reasonably likely to have, a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results or operations, liquidity, capital expenditures or capital resources that are material to investors.

Recently Issued Accounting Standards

The Company has assessed all newly issued accounting pronouncements released during the nine months ended May 31, 2015 and through the date of this filing, and has found none of them will have a material impact on the Company's financial statements when or if adopted.

Item 3. Quantitative and Qualitative Disclosure About Market Risk.

This item is not applicable as we are currently considered a smaller reporting company.

Item 4. Controls and Procedures.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit pursuant to the requirements of the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, among other things, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file under the Exchange Act is accumulated and communicated to our management, including our principal executive and financial officers, as appropriate, to allow timely decisions regarding required disclosure.

Evaluation of Disclosure Controls and Procedures

Our Chief Executive Officer and Chief Financial Officer, Gerald Ricks, has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based on the evaluation, Mr. Ricks concluded that our disclosure controls and procedures are not effective in timely alerting them to material information relating to us that is required to be included in our periodic SEC filings and ensuring that information required to be disclosed by us in the reports we file or submit under the Act is accumulated and communicated to our management, including our chief financial officer, or person performing similar functions, as appropriate to allow timely decisions regarding required disclosure, for the following reasons:

- The Company does not have an independent board of directors or audit committee or adequate segregation of duties;
- All of our financial reporting is carried out by our financial consultant;
- We do not have an independent body to oversee our internal controls over financial reporting and lack segregation of duties due to the limited nature and resources of the Company.

We plan to rectify these weaknesses by implementing an independent board of directors and hiring additional accounting personnel once we have additional resources to do so.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION**Item 1. Legal Proceedings.**

We know of no material pending legal proceedings to which our company or subsidiary is a party or of which any of their property is the subject. In addition, we do not know of any such proceedings contemplated by any governmental authorities.

We know of no material proceedings in which any director, officer or affiliate of our company, or any registered or beneficial stockholder of our company, or any associate of any such director, officer, affiliate, or stockholder is a party adverse to our company or subsidiary or has a material interest adverse to our company or subsidiary.

Item 1A. Risk Factors.

There has been no change in the Company's risk factors since the Company's Annual Report on Form 10-K filed with the SEC on December 4, 2014.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

None.

Item 5. Other Information.
